## **Rfactor-rally-tracks**

I made this little bit of a rally stage with BTB to test the Rally World 4.0 mod. If it works, it might be added in a future release. I believe it should be possible, but I don't know for sure. I'm having some trouble finding the file (and don't know how to specify which file, where it can be found, etc.) so I thought I'd put it up on my site. Here is a link to the source code. If you don't want to use it in your code, I'll be happy to remove it. If you're not going to use it in your code, I'll be happy to remove it.
